Dear Ms. John:

On behalf of the more than 7,500 individuals in Western Pennsylvania who are living with MS and depend on the National Multiple Sclerosis Society for critical services, I would like to thank you for your generous gift of \$120.00 to honor your research participant.

In addition to local services, the National MS Society is a driving force of MS research, relentlessly pursuing prevention, treatment and a cure. Our \$686 million investment into research has fueled many advances, and the hope for new, more effective treatments and a cure for MS has never been greater. We are part of a global movement of millions of people working toward a world free of MS.

Without the help of individuals such as you, Ms. John, it would not be possible to continue to make a difference in the lives of those affected by multiple sclerosis.

We are truly grateful for your support and interest in our efforts to "create a world free of MS".

Sincerely yours,

A handwritten signature in black ink, appearing to read "Cheryl A. Garcia". The signature is fluid and cursive, written over a light blue horizontal line.
